The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

Predictions On The Basis of Planet Positions

Ascendent Result

Your Ascendant is Aries. Your Ascendant-lord is Mars, which will act as a super-benefic planet in your chart.

By virtue of being born in Aries Ascendant, you are likely to have a somewhat proud and arrogant nature. You will have a fiery spirit and will be excessively fond of personal freedom. You may have an adventurous spirit and may tend to experiment with life and work, although your outlook will be very practical and your expectations will appear to be very reasonable. You will be endowed with limitless vigour and energy, possess a strong will-power and will be extremely ambitious. With your dynamism, courage, intellect, optimism, original ideas, firm resolution and timely actions, you will make quick progress. Although you will be virtuous, you may be a little avaricious and may have a wrathful disposition. You may be a little opposed to your own people but will easily be able to establish friendship with other people. You will tend to relate yourself to any person or thing in haste and profound desire. You will earn fame and renown for your valour and meritorious deeds.

Result for Planets in Signs

Sun

In your chart, the Sun is placed in sign Aries. You will be especially fortunate in respect of gaining paternal wealth. You will have an evolved soul and will remain engaged in doing righteous deeds. You will receive favours from senior government authorities and also from political sources.

You will be fortunate in respect of holding a prestigious position and will have good earnings. You will enjoy a happy life with your spouse and children. One of your sons will become a source of pride and joy to you.

Mercury

In your chart, Mercury is placed in sign Taurus. Although this position is not ominous for your mother, it will endow you with virtues and fame. You will be able to acquire wealth and enjoy the comforts of life. However, during sometime in your life you might be worried on account of your spouse or children. Your own health might be affected owing to irregular food-habits or for taking wrong medicines, in which respect you should remain careful. Your associates may also try to cause you losses.

Venus

In your chart, Venus is placed in sign Aries. Unless the Moon is in sextile or Jupiter is in sextile or trine aspect, the position is not favourable. It may make your mind unstable and you may feel agitated; you may wander fruitlessly and might be given to vices. Your home-life may not be peaceful at all and your happiness might be on the wane. However, if either the Moon or Jupiter aspects Venus, then the situation will be considerably improved; you will acquire wealth through trade and lead a comfortable life.

Mars

In your chart, Mars is placed in sign Gemini. Unless Jupiter or Venus is in Pisces or Mercury is in Virgo, it is not a favourable position. You may have an argumentative, quarrelsome nature and may even acquire a crooked disposition. You may suffer from bilious or hearing disorders, acquire a spend-thrift nature and turn inimical to your relatives. Although you may have good education, you may not be able to utilize it effectively. Unless some modifying influences are present in your chart, you may not be happy in your native place and, leaving home, may go to a distant inland place to eke out your livelihood.

Jupiter

In your chart, Jupiter is placed in sign Aquarius. Jupiter's position here is very much praised as it surely brings in wealth in abundance; but this position also makes one to suffer from high blood-pressure. It will give you a middle stature with tendency towards corpulence. You will be good-humoured and have a cheerful, obliging disposition. You will be industrious and communicative, receive benefits from the authorities, will become very popular and enjoy a full life with your relatives and friends.

Saturn

In your chart, Saturn is placed in sign Capricorn. If your Ascendant is Aries or Cancer or Libra or Capricorn, you will enjoy the beneficial results of 'Shasha Yoga' and will become an important person. If associated with or aspected by benefic planet(s), it will make you industrious and successful in all undertakings; you will have real sympathy and concern for the old, weak and infirm people and assist them to reduce their sufferings. If Saturn is retrograde or combust, then it may make you peevish, discontented, covetous and melancholic. You may be betrayed by others and lose your wealth and honour.

Moon

The Moon is situated in sign Capricorn in your chart; so your 'Janma-Rashi' (or Chandra-Lagna) is Makara. Your mental qualities and certain other characteristics will be governed by this feminine, earthy, fruitful and movable sign and, to some extent, by its sign-lord Saturn.

Moon in sign Capricorn may make you troubled by windy disorders and may even make your mood melancholic. During sometime in your life, you may leave your home, and stay away from your near relations; it might be owing to your profession. If Saturn is not well-placed in your horoscope, you may not be ingenious and may even become selfish in your conduct, for which people may hold you in low esteem. However, if the Moon is involved in some good yoga with other planet(s), you will lead a happy family-life.

Rahu

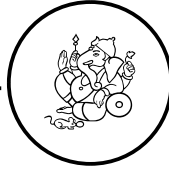

In your chart, Rahu is placed in sign Taurus. If associated with or aspected by Venus or Mercury or Jupiter, you will be soft-spoken, possess and earn good amount of wealth and there might be more females in your family. If associated with or aspected by the Moon, then your fortune could be unstable. If associated with or aspected by both of the Sun and the Moon, then you may suffer from diseases and your eye-sight might be affected. If associated with or aspected by Saturn or Mars, then you may incur losses and your financial condition might be deteriorated. If Venus is not well-placed, your family-members may lack the quality of tolerance and your life might become bereft of peace altogether.

Ketu

In your chart, Ketu is placed in sign Scorpio. If associated with or aspected by Venus or Mercury or Jupiter, you will be soft-spoken, possess and earn good amount of wealth and there might be more females in your family. If associated with or aspected by the Moon, then your fortune could be unstable. If associated with or aspected by both of the Sun and the Moon, then you may suffer from diseases and your eye-sight might be affected. If associated with or aspected by Saturn, then you may incur losses and your financial condition might be deteriorated; besides your family-life might become bereft of peace altogether. If Mars aspects Ketu, then you may have the risk of undergoing a surgical operation.

Uranus

In your chart, Uranus is placed in sign Aries. You might be somewhat nervy but you may have some unusual and yet very original ideas. People may consider you to be somewhat eccentric. If Uranus is associated with or aspected by natural benefic planet(s), then you may be a kind of genius and gain acclaim for it; but if it is associated with or aspected by natural malefic planet(s), then you may be just a crank. Curiously, if both types of influences prevail, then you may be an unique and unpredictable entity.

**Neptune**

In your chart, Neptune is placed in sign Aquarius. If Venus is well-placed, then you may have musical inclinations and may have good capacity for playing piano or stringed instruments like violin. You may even become a good composer or a conductor. You would like to have refined people around and enjoy their company; people will eagerly listen to your fund of anecdotes at your command.

Pluto

In your chart, Pluto is placed in sign Capricorn. Unless associated with or aspected by benefic planet(s) and if Saturn is not well-placed, it may impart a cadaverous type of feature with a scrawny neck and thin body. If afflicted by malefic planet(s), it might give you an avaricious or miserly nature; it may make you a cringing yo-yo or you may be very unscrupulous in business dealings.

Prediction On The Basis of Bhavas

Ascendant Lord

In your chart, the Ascendant-lord is situated in the third house, which is called the house of courage (Vikrama). Besides courage, valour, prowess, etc this house also rules over right ear, arms, shoulders, (younger) siblings, cousins, kindred, neighbours, short journeys, news, writings, correspondence/ communications, etc. You will be very fortunate in all these respects, will have a somewhat restless nature and will always remain engaged in fruitful activities. Rather than expending words, you will wish to express yourself through your deeds and you will become highly popular in your circle. You will travel a lot and your profession may have some connection where gathering informations and a lot of writing, correspondence/ communications are required. If your Ascendant-lord happens to be a natural malefic, you will be amassing wealth and if it obtains 'neecha-bhanga' (that is, if it is debilitated but has cancellation also), you will become very rich. If your Ascendant-lord is the Sun, then you are sure to secure a prestigious position in a big organisation, which might even be a government establishment. You will move in high circles and will receive favours and benefits from the authorities and political sources.

Lord of 2nd House

In your chart, the second-lord is situated in the Ascendant, which is called the house of body (Tanu) and is the general significator for everything including life. This is a highly favourable combination and you will be very fortunate in respect of all favourable 2nd house attributes, although the position may not be very good in respect of health as the 2nd-lord is termed as a 'maraka' -- this is more so if the 2nd-lord is a natural malefic planet. However, in case of Capricorn Ascendant, the 2nd-lord Saturn situated in own house in Ascendant will give favourable 'Dhana Yoga' results and bestow wealth in abundance. If your Ascendant is Virgo, then debilitated 2nd-lord Venus situated in the Ascendant may cause health-problems; however, your father will be wealthy, you will receive higher education and will have gains from foreign sources. If the Ascendant-lord is situated with the 2nd-lord or if a natural benefic planet is situated with the 2nd-lord or aspects it, then also you will become very wealthy. If the Ascendant-lord is not well-placed while a natural malefic planet who is either 'combust' or "eclipsed" is situated in the Ascendant, then you may suffer from some health-complications and your prospects might be affected.

Lord of 3rd House

In your chart, the third-lord is situated in the second house, which is called the house of wealth (Dhana). This position is not very good for having cordial relationships with kindred and co-borns -- this is more so if the Ascendant is Leo, in which case it can give some unfavourable changes in profession also. If the 3rd-lord is associated with or aspected by a natural benefic planet, then the things will be considerably improved and will give you a pleasing disposition; but if the 3rd-lord is associated with or aspected by a natural malefic planet, it will keep you in anxious or worried state. If the Ascendant is Sagittarius, then this position will be quite beneficial as the 3rd-lord Saturn will be situated in own sign. If your 3rd-lord is debilitated, on the good side, it will give you a high longevity but on the other side, it would affect the inheritance-prospect of your spouse as she/ he may have to fight a long-drawn law-suit. Whatever be the Ascendant, for the prospect of professional progress of children, this position is very good; they will be very talented, acquire some special skills and put these into practice in a very constructive way.

Lord of 4th House

In your chart, the fourth-lord is situated in the tenth house, which is called the house of profession (Karma). From this position, the 4th-lord aspects it's own house which makes you fortunate in respect of various 4th house matters -- mother, education, land and buildings, vehicles, agriculture and farming, mines and minerals, etc. If the Moon is well-placed, then you will be have much happiness from your mother. If Mercury is well-placed, you will have high education. If Mars is well-placed, you will have properties and may earn a fortune from real estate. If Saturn is well-placed, then your profession may have connection with mines/ minerals and/ or with agriculture/

farming. If Venus is well-placed, then you will be fortunate in respect of owning vehicles and your profession may have some connection with transport. However, if the 4th-lord is associated with or aspected by a natural malefic planet and is neither associated with or aspected by a natural benefic planet while the 10th-lord is also in a similar state, then you might run the risk of falling from a height for which it will be very advisable for you to avoid places like hills, mines, bridges over the rivers, construction sites for high-rise structures, etc.

Lord of 5th House

In your chart, the fifth-lord is situated in the Ascendant, which is called the house of body (Tanu). The 5th indicates purva-punya, grand-father, merit, intelligence, rank, own children, etc.; you will be fortunate in many such respects. You will be intelligent and meritorious, acquire good education and occupy a position of rank; you are likely to be in service -- more so if the Sun is well-placed. If Mercury is well-placed, then you will have much of interest in speculative investments and if Venus is well-placed, the entertainment fields might attract you. In your childhood you will be very dear to your grand-father and when grown up, you will have dutiful children -- more so if Jupiter is also well-placed. If your Ascendant is Aries or Libra, then the 5th-lord will be exalted in the Ascendant and you will be highly fortunate; if Mercury is also well-placed, you will have excellent education -- which is likely to be 'application-oriented'. But if your Ascendant is Cancer, then the 5th-lord will become debilitated in the Ascendant; although this position favours material prosperity, you may have some health-problems and may become unhappy on account of your children. You may have to leave your home and go to a distant place for earning your livelihood; you may have job-changes a few times which may occur very suddenly.

Lord of 6th House

In your chart, the sixth-lord is situated in the second house, which is called the house of wealth (Dhana). The position is favourable if the 2nd-lord is well-placed or if a natural benefic planet is situated in the 2nd house or aspects it. You may secure a lucrative employment in a big organization and will have cordial relationships with your relatives -- particularly, with maternal ones. This combination may help you to secure employment in a financial institution if the 10th-lord or Jupiter is also well-placed. If the 7th-lord is well-placed and a natural benefic planet is in the 2nd house, you may be in business. As the 6th is the 10th from the 9th while the 2nd is the 6th from the 9th, your father might be or have been in lucrative employment as well. As the 6th is the 12th from the 7th, you may have gains from your spouse or from business-partner -- if any. Since the 6th is the 2nd from the 5th, your children may assist you to increase your family wealth. However, if the 2nd-lord is ill-placed or if a natural malefic planet is situated in the 2nd or aspects it, then your family-members may suffer from diseases and your inimical relatives might cause you troubles. In addition, if the 6th-lord is a natural malefic planet and if the Sun or the Moon is ill-placed, then you may have defective eye-sight, wear specs., and your speech may become somewhat indistinct.

Lord of 7th House

In your chart, the seventh-lord is situated in the Ascendant, which is called the house of body (Tanu). As the 7th-lord aspects the 7th, you will be fortunate in respect of most of the 7th house affairs like marriage, own business, business-partners -- if any, public dealings, contracts, foreign affairs or journeys (if applicable), etc. If the Ascendant-lord is also situated in the 7th, then you would be an expert administrator and will become renowned for your far-sightedness and framed policies. If your Ascendant is Cancer, then the 7th-lord will become the 8th-lord too, aspecting the 7th; then the health and well-being of your spouse may cause you some concern. Besides, if Mars is either situated in the 8th or aspects the 8th, then you may have a war-like disposition and might be associated with such activities in life; it may also make you susceptible to receive injuries from weapons or from accidental causes. If the Ascendant-lord or a natural benefic planet is situated in the Ascendant or aspects it, then you will be long-lived. If your Ascendant is Taurus or Scorpio, then your health might be affected, you may go to a distant or foreign place and stay for long durations but you may incur some losses there; but as the 7th-lord will be aspecting the 7th, you will be very fortunate in respect of having a caring and loving spouse who will be long-lived. If your Ascendant is Leo, then the 7th-lord will be the 6th-lord also; your health may become delicate in early years; although you may be in service in the beginning, later you may have a brisk-running business.

Lord of 8th House

In your chart, the eighth-lord is situated in the third house, which is called the house of courage (Vikrama). If your Ascendant is either Virgo or Pisces, then this position is good -- more so if a natural benefic planet is situated in or aspects your 8th house or the 3rd house. If the Ascendant is Pisces, you will become a modest, gentle and well-mannered person. But if the Ascendant is Virgo, you will be bold and active; as the 8th-lord Mars will aspect your 10th house, you may have differences with the authorities, be criticised for your actions and may have a few transfers or job-changes also. For all other Ascendants, the position is not very good; you may not be fortunate in respect of your kindred and younger co-borns and you might be prone to face traffic accidents -- more so if your 8th house is associated with or aspected by a natural malefic planet. If Mercury is ill-placed, you may arouse controversy through your speeches or writings; if Venus is ill-placed, you may lower yourself in the eyes of your associates through undesirable associations. In addition, if Rahu is in the 9th or if Mars is in the 12th or if Saturn is in the Ascendant, then the situation will further worsen. The position will improve if Jupiter or Venus is situated in the Ascendant or with the Moon or aspects either of these two or if the Ascendant-lord is well-placed.

Lord of 9th House

In your chart, the ninth-lord is situated in the eleventh house, which is called the house of gains (Labha). The 9th-lord situated in this position gives gains from various sources and it will make you fortunate in respect of having worthy friends who will remain ever-ready to offer active assistance. If the 11th-lord is well-placed or if a natural benefic planet is situated in the 9th or the 11th or aspects either of these two, this position is favourable for the health and well-being of your father; otherwise the results will be the opposite. As the 9th is the 6th from the 4th while the 11th is the 8th from the 4th, it offers auspicious 'Veepareeta Raja Yoga' results for your mother and she will become wealthy. If either Saturn or Ketu is also situated in the 11th, there will be constricting influences exerted on the influx of wealth; but such tendencies will be mitigated if Jupiter or Venus is also situated in the 11th or aspects it. If your Ascendant is Leo, as the 9th-lord Mars will be the 4th-lord also; so it's presence in the 11th which is the 8th from the 4th is unfavourable for the health and well-being of your mother but if your Ascendant is Aquarius, the 9th-lord Venus who is the 4th-lord also, will protect her for being a natural benefic planet.

Lord of 10th House

In your chart, the tenth-lord is situated in the tenth house, which is called the house of profession (Karma). This is the best possible position for the 10th-lord and you will be successful in all your endeavours. You will be a purposeful person of active habits, receive good education, enjoy peace of mind; your time and attention will be more directed to your work, for fulfilling your commitments and for realization of your objectives and cherished desires. Rather than monetary gains, you will be much more desirous of establishing a lasting reputation and gaining recognition. If the 10th-lord is a 'tara-graha' (Mars or Mercury or Jupiter or Venus or Saturn), then you will enjoy the auspicious results of the so-called 'Pancha Maha-purusha Yoga' for which you will be held in high esteem in the society. If the Sun is also well-placed, then you are sure to receive high honours and state recognition; if the Moon is well-placed, then you will become exceedingly popular. If the 4th house is occupied or aspected by a natural benefic planet, your wealth and possessions will be ever-waxing. But if it is occupied or aspected by a natural malefic planet, then you may have to face some troubles as some people may try to tarnish your image.

Lord of 11th House

In your chart, the eleventh-lord is situated in the tenth house, which is called the house of profession (Karma). This is a favourable position and guarantees very good earnings from profession; besides, it gives many friends in the workplace itself. If the 10th-lord is in the 11th or in the 10th itself or if a natural benefic planet is situated in the 10th or the 11th, then it improves the professional prospects further; it gives a prestigious and lucrative profession and it gives some honour and renown as well. If your Ascendant is Aries, then the 11th-lord will become the 10th-lord too which for being in own-sign will offer auspicious 'Pancha Maha-purusha Yoga' results. But if the Ascendant is Sagittarius, then the 11th-lord will become debilitated in the 10th; if Mercury is also in the 10th or

Jupiter is also situated in the 10th or aspects it, you may not be very fortunate in respect of profession and if you have any elder co-born, then his/ her health may become delicate and/ or he/ she may suffer some losses. If the Sun or Mars is also in the 10th, you will enjoy favourable result as the planet attains directional strength (Dik Bala); Rahu also will give beneficial results here but if Saturn is placed here, it may give a precipitous fall after steep rise -- more so if it is retrograde. If a benefic planet is in the 10th or aspects it, then it will safeguard your honour.

Lord of 12th House

In your chart, the twelfth-lord is situated in the eleventh house, which is called the house of gains (Labha). If your Ascendant is Pisces, then the 12th-lord will become the 11th-lord as well and you can look forward to obtaining beneficial results. Otherwise, this is not at all a good position as the 12th indicates losses while the 11th rules over earnings; while your earnings may become limited, you may have to face blockage of funds at times and may find difficulty to fulfil your commitments; you may also occasionally incur losses owing to sudden change of prevailing conditions. As the 11th rules over friends while the 12th rules over secret enemies, some of your secret enemies may remain in your circle in disguise as friends. If a natural benefic planet is situated in the 11th house or aspects it, then the adverse influences may become considerably mitigated but if a natural malefic planet is situated in the 11th house or aspects it, then the adverse influences may become aggravated further. If the 11th house is under the influence of the malefic planets only and if Saturn is also not well-placed, then you may have some problem with hearing. If two or more natural malefic planets are situated in the 11th house, if you are a male, then you may receive some injury in your left hand; but if you are a female, then your husband's right hand might be affected.

Results for Planets in Houses

Sun

Since the Sun is situated in your Ascendant, it will give you a proud disposition and a very frank, outspoken nature with generous instincts. You will be firm and independent, will be fond of publicity and display and will despise cliques and coteries. You will be accompanied by high motives and will receive acclaim. You will be successful in your endeavours and people will treat you with due honour. You will be religiously inclined and will be fond of little children. You will be closely drawn to your father, will receive favours from your superiors/ authorities and gain benefits from government or political sources. If your Ascendant is Aries or Leo, then the Sun will be exalted or in own house and you will be very fortunate in respect of having worthy children; your first child would be a son who will be a source of pride to your family. If your Ascendant is Libra, then the Sun will be debilitated; you may suffer from some hereditary diseases, may get into difficulties with your superiors or government authorities and even face law-suits. If the Sun is with Rahu or Saturn or aspected by Saturn, you may even have the risk of losing your credibility.

Mercury

Since Mercury is situated in your 2nd house, you will have your gains through educational institutions, writing/ editing, correspondence/ communications and also through acquired skills or common industries. With this position, some chance of loss by theft or sharp practices are feared -- unless your Ascendant is either Taurus or Leo. If Ascendant is either Taurus or Leo, you will be fortunate in many respects as own house or exalted Mercury will help you to accumulate cash by proper utilisation of your education and learning. If Mercury is debilitated or is retrograde or if it is situated in movable or chara signs (Aries or Cancer or Libra or Capricorn), you are likely to become a clever speaker and may do well as a broker or an agent. If Mercury is associated with the Sun or Jupiter or Venus or even Saturn, you will be far less likely to lose your discretion; but if it is associated with or aspected by Mars or the Moon or Rahu, you may become your own enemy and unnecessarily spoil relationships even with your own people. If Saturn or Ketu is close to Mercury, you may habitually speak less except when the subject interests you. If the Sun is with it, you will enjoy the favourable results of 'Budhaditya Yoga' if either of the planets

is well-placed and you will have good academic accomplishments; else, you will enjoy the results of 'Nipuna Yoga' and gain some expertise in some common arts which can find useful application in your profession.

Venus

Since benefic planet Venus is situated in your Ascendant, you will have an amiable and docile nature, a sociable spirit inclined to brilliant company, pageants and festivities. You may be very much interested in poetry, drama, music, singing, dancing and may have good proficiency in fine arts. You will be very much fond of all sorts of sparkle and glitter. You will be fond of comfort and luxury; you are very much likely to spend a lot for acquiring fashionable dresses, perfumes, jewellery, personal adornments, etc.

Your domestic life will be peaceful and happy; socially you will be a well-known and sought-after person. If your Ascendant is Taurus or Libra or Pisces, then you will be more fortunate as it will be in own house or exalted and you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'; if your Ascendant is Virgo, then debilitated Venus would create health-problems and you may not be fortunate in respect of your profession -- unless Mercury is well-placed, or either the Moon or Jupiter is with it or aspects it. If Venus is close to the Sun, then you may suffer from eye-disease and wear specs. If it is close to Saturn, then you might be reserved. If it is close to the Moon, then you will always remain in a happy and joyous mood. If it is close to Rahu or Ketu, then you might be greedy and find it difficult to resist temptations.

Mars

Since Mars is situated in your 3rd house, it will make you very bold and courageous. You may be emotionally somewhat 'charged' and habitually may become very impatient. You may have a short fuse for which you may get into disputes with your relatives and might even be dragged into litigations. You may incur some losses through correspondence, contract or through postal transit. If Mars is neither exalted or in own house and if it is neither associated with or aspected by a benefic planet, then you may acquire notoriety and for some of your acts, you may attract the attention of the police. If two other natural malefic planets (the Sun, Saturn and Rahu) are also situated in the 3rd, then you will be highly fortunate as unobstructable 'Vishesh Argala' will be generated for your Ascendant which will take you far and will surely bestow a very high position in life -- although you may not have any surviving younger co-born. As Mars will aspect the 6th- and the 10th- houses, you might be engaged in active services like the defence or police if either the 6th- or 10th-lord is also well-placed. If your Ascendant is Virgo or Aquarius or Scorpio, as Mars will be in own house or exalted, you will become very happy in respect of your younger co-borns.

Jupiter

Since Jupiter is situated in your 11th house, you will be fortunate in many respects; as Jupiter will be aspecting the 3rd (= younger co-borns), the 5th (= merit, children) and the 7th (= spouse, partners in business, public dealings), you would be blessed in all these respects besides in respect of the 11th (= earnings from profession, friends, etc) -- of course the results could be modified depending on the condition of these houses, of their respective lords and of their respective natural significators (Mars for siblings, Mercury for merit, Venus for spouse, etc). You will be more fortunate if your Ascendant is Taurus or Virgo or Aquarius as Jupiter will be exalted or in own house. But if your Ascendant is Pisces, then as Jupiter will be debilitated in the 11th, you may not be very fortunate -- unless Saturn is well-placed or if Jupiter is associated with or aspected by Venus or the Moon. Jupiter's position in the 11th is considered to remove all evils and afflictions as the saying has become legendary; but unless Jupiter is fairly free from afflictions from natural malefic planet(s), you should be modest in your expectations as this position all by itself cannot make you rich or famous. However, this position will give you good education, a respectable profession, good earnings, assistance from worthy friends and realization of your ambitions. If you are male, you would be the eldest among the co-borns. You may attain success just after the birth of a child.

Saturn

Since Saturn is situated in your 10th house, you will be fortunate in respect of your profession provided that your Ascendant is Aries or Taurus or Capricorn as Saturn will be in own house or

exalted and you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'. However, Saturn in such a position should not be retrograde or combust or eclipsed or involved in planetary fight (graha-yuddha). This very position of Saturn had become proverbial and it is greatly feared that it would surely lead to abysmal fall after pulling one to a great height of power and glory; but that is true if it is retrograde or afflicted but if the 10th-lord is well-placed or if Jupiter or Venus is situated with it or aspects it, the results get considerably modified for the better. But if your Ascendant is Cancer, then the debilitated 8th-lord in the 10th can give you jobs in private organisations which may not be long-lasting -- this will be more so if Mars is also not well-placed in your chart. Instead of displaying pride and arrogance, you should cultivate patience and firmness of purpose should mark your life. If in business, you may suddenly incur heavy losses; if in profession, you may have failure and dishonour while in contests or conflicts, you may have defeat; but if you are guided and guarded by caution, patience and perseverance, then you may still come up in life again.

Moon

Since the Moon is situated in your 10th house, you will have a great desire for public life and will become very popular. Your profession may command remaining in close contact with the public and you may have association with ladies who might influence your position for good or evil. Needless to mention that you will enjoy better results if the Moon is 'waxing' and/ or if a natural benefic planet is with it and/ or aspects it or if the Moon is either exalted or situated in own house. If your Ascendant is Libra, then you might be running a brisk business -- may be a medicine store or restaurant. If your Ascendant is Leo, then you may be in service in a good capacity -- may be in a hospital, custody house, rehabilitation center or the like. If your Ascendant is Aquarius, then the debilitated Moon in the 10th may make your position unstable and give you changes in occupation -- unless there are modifying influences present in your chart. If the Moon is associated with or aspected by a retrograde natural malefic planet, then you may have the risk of facing a reversal every time you would proceed one leap forward. You may undertake many long journeys.

Rahu

Since Rahu is situated in your 2nd house, you are likely to experience wide fluctuations in your financial affairs. Rahu gives good results in sign Taurus, Sagittarius, Capricorn and Aquarius but gives adverse results when it is situated in sign Scorpio. If the 2nd-lord is well-placed or if Jupiter or Venus is in the 2nd or aspects it, you will enjoy beneficial results and your financial position is likely to remain steady; but if it is situated with Saturn or Mars, it can give wide fluctuations with big gains and losses alternating.

If the Sun is with it, then your father may face some problems -- probably owing to money-matters; if the Moon is with it, then the health and well-being of your younger co-born might cause you some concern; if Mars is with it, then you may lack peace of mind owing to quarrels and misunderstandings in your family.

Unless the 2nd-lord is well-placed, and if no natural benefic planet is with it or aspects it, this position is not favourable for having happiness in marriage; if a natural malefic planet is with it or (except Ketu any) aspects it while the 7th-lord is not well-placed, then the span of your married-life may come under doubt.

Ketu

Since Ketu is situated in your 8th house, you will have strong religious inclinations and will enjoy performing religious rites regularly. You will have an optimistic outlook and philanthropic nature; you will do your level best for helping your friends and acquaintances if some of them per chance fall in dire straits. If Mercury is situated fairly close to it, then you may gain proficiency in computer operations and may also become interested in mystic subjects like Astrology, Palmistry, etc. If Venus is situated fairly close to it and the 7th-lord is not well-placed, then your spouse may suffer from blood-shed or blood-loss some time after your marriage; alternately or in addition, your business-partner may meet with some gross misfortune within a few years of joining you in a new venture. If Mars is situated fairly close to it, you may have to undergo through a major surgical treatment during sometime in your life. If Saturn is situated fairly close to it, you may not be fortunate in respect of inheritance and in spite of hard work and directed endeavours, your prospects would improve quite slowly. But if your 11th-lord is well-placed, you may earn a fortune by dealing in

computers/ components or by running a software development company; if Jupiter is well-placed, then you may be successful in operating a popular training center for teaching computer courses.

Uranus

Since Uranus is situated in your Ascendant, it will give you a wayward outlook, erratic nature and stubborn disposition. For your typical and unusual likings, views and interests, people may think you to be somewhat queer. It may cause estrangement from the parents and the kindred owing to some sort of sudden developments. You may have some danger of falls or receiving hurts from machineries. You will have fascination for crazy adventures and will tend to fiddle-it-and-diddle-it through ups-and-downs of life.

If Uranus is within 3*20' of the Ascendant or if it is situated so close to another natural malefic planet in the Ascendant, then you are likely to face a serious accidental mishap or untoward event some time during your life; besides, you may not be steady in respect of your love, affection and relationships while in the sphere of profession also, you may acquire the reputation of being a 'jumping jack' who acts first and thinks a lot afterwards. If no natural benefic planet is with it or aspects it, then even if you may not have any problem, through your unwise utterances and hasty actions you might create some serious problems for yourself.

Neptune

Since Neptune is situated in your 11th house, you may have some strange and unaccountable attractions and alliances; your friends may have seductive appearances, your advisors might be unreliable, your spouse might be liable to moral delinquency and may create havoc in your friends' circle. Although you may not be directly responsible for the acts of commission or omission of your associates, these are almost sure to raise eye-brows of the curious onlookers and 'U-2' may soon become the talk-of-the-town. However, if the 11th-lord is well-placed or a natural benefic planet is situated with it or aspects it, then the situation will be considerably modified for the better. But if the 11th-lord is badly placed or more than one natural malefic planets are situated with it or aspect it, then the situation will considerably worsen and you may have to badly suffer as a result of treachery or deception caused by your spouse and/ or supposed friends; if Venus is also under the influence of natural malefic planets only, then your tragic 'history' might be making rounds in the locality as a spicy 'story' to be remembered, re-told and listened to many-a-times.

Pluto

Since Pluto is situated in your 10th house, you may have a great sense of insecurity; you may not only find it difficult to receive favours from your superiors but also it might be difficult for you to gain due recognition owing to prejudice of superiors/ employers or jealousy of colleagues. At the point of time when your expectations will seem to be only in the offing, strange twist of circumstances can obliterate the 'slate' and your services rendered might be quickly forgotten. It may give you onerous pain and you may opt for working on your own; it would be rather better for you to start all over again even if you have to begin from a very humble situation as Pluto will help you to rise from the 'ashes' by giving a new lease of 'life' to your profession. If a natural malefic planet is with Pluto or aspects it, then your professional prospects might be hindered owing to accidental breakout of fire, explosion due to sabotage, calamitous causes or change of government policies. However, if your 10th-lord is well-placed or if Jupiter or Venus is with it or aspects it, then you will face much less problems in your professional sphere and enjoy much better results. You may work for a cause, play your part in public or social life, gain due recognition and receive acclaim.
